

Krishnamurti Winter Study-Intensive & Retreat Program / 2010

FOR ADULTS & COLLEGE STUDENTS

THE KRISHNAMURTI FOUNDATION OF AMERICA IS EXCITED TO PRESENT THE NEW 9-DAY WINTER STUDY-INTENSIVE & RETREAT PROGRAM AT THE KRISHNAMURTI STUDY CENTER IN BEAUTIFUL OJAI, CALIFORNIA

The Ground of Silence, the Ending of Thought, and the Emergence of Creativity / Saturday, January 9 to Sunday, January 17 / 2010

Within an atmosphere of affection and support, we will enter into 2 penetrating dialogues together each day. By using J. Krishnamurti's core teachings as our guide, we will discover for ourselves why we experience a sense of limitation that prevents us from meeting life with a fresh, creative mind.

This fully-immersive 9-day Program was created for adults and college students interested in exploring in-depth the core essentials of Krishnamurti's teachings, with an emphasis on awakening a different dimension of intelligence and bringing about true creativity in our lives.

Most human beings have a longing for a more creative life. It is one of the essential components for human happiness, and yet a creative life seems elusive. We quickly get bogged down with old habits and resistance to change. Our work together will be to explore what prevents us from meeting life with intense clarity and inner freedom. We want to expose the hidden operations of the mind to discover the role fear plays in keeping us trapped in conflict and confusion.

Our shared explorations together, without any distractions, will help us to stimulate and awaken a new dimension of awareness, what Krishnamurti called "insight," a shift inwardly from the old mind with its distortions of every kind, to a new mind possessing enormous clarity. Once this dormant intelligence is awakened and becomes active, we can begin to clear the field of our accumulated conditioning. From our deep shared inquiries together, a new understanding and energy can be born that will be the ground for a creative approach to living.

Please come and join us for this unique opportunity to delve deeply into the life-changing teachings of J. Krishnamurti. Our objective is to make the teachings our own, to experience for ourselves the awakening of intelligence and the birth of insight within the dynamic energy of the dialogue process.

"The Krishnamurti Summer Study Intensive has been a deeply revealing, superbly energizing, absolutely clarifying, and truly insightful sharing of intelligence! What a purely vital and significant transformation has been catalyzed by this uniquely open and warm hearted atmosphere." – Kevin

Special Note to College Students: Unlike college programs that emphasize passive listening, our program works with a shared inter-active dialogue process that is a dynamically creative exploration. This process can potentially create intense energies that can be used by each of us to penetrate to new levels of understanding.

Program Fees: Tuition fee for Adults: \$1450.
Tuition fee for College Students: *\$950.

*The KFA is making available several tuition-discounted scholarships for college students. Students will receive \$500 off the regular tuition.

Registration fee for all participants: \$35.

Program tuition covers a lovely shared room at the Pepper Tree Retreat, all meals, all support materials, and round-trip transportation from Ventura, California, to Ojai. Also covered is transportation for a visit to Santa Barbara during the Program.

Richard Waxberg, Professor Satish Telegar and Deborah Kerner co-facilitate the Winter Program.
